## BEST OF ALL DOCTORS.

## Good Health of Countless Americans Due to Paine's Celery Compound.

Countless homes in every city in America have been saved from the loss of some despairing member by Paine's celery compound.

The story of the life-work of the discoverer of this world-famed remedy is familiar to most readers. The likeness of Dartmouth's greatest professor, Prof. Edward E. Phelps, M. D., L. D., given above is the best portrait of him yet printed.

"Excepting its handful of magnificent statesmen and its military heroes," says the most recent writer upon and critic of America, "the people owe more to Dartmouth's physician-teacher than to any other man."

"In every walk of life, among the highest office holders at the national capital, in the homes of the best people in the large cities, among the everyday folks of the country, families in comfortable circumstances, families that live from hand to mouth, and could not, if they wished, afford the services of any but an ordinary physician—everywhere I have met people to whom Paine's celery compound has been a blessing."

It was the world-famed discovery by Prof. Phelps of an infallible cure for those fearful ills that result from an impaired nervous system and impure blood which has endeared the great doctor to the world, and made his life an era in the practice of medicine.

Prof. Phelps was born in Connecticut and graduated in medicine at Yale.

His unusual talent soon brought him

reputation and prominence among his professional brethren. First he was elected to the professorship of anatomy and surgery in the Vermont University. Next he was appointed lecturer on materia medica and medical botany in Dartmouth College. The next year he was chosen professor of the chair then vacated by Prof. Robby, and occupied the chair, the most important one in the country, at the time when he first formulated his most remarkable prescription.

Prof. Phelps has given to his profession in Paine's celery compound a positive cure for sleeplessness, wasting strength, dyspepsia, biliousness, liver complaint, neuralgia, rheumatism, all nervous diseases and kidney troubles. It is the only specific recognized and prescribed today by the best physicians for disease arising from a debilitated nervous system. For such complaints Paine's celery compound succeeds again and again where everything else fails.

No remedy was ever so highly recommended, because none ever accomplished so much.

Paine's celery compound stands without competition for feeding exhausted nerves and building up the strength of the body. It cures radically and permanently. A healthy increase in appetite and a corresponding gain in weight and good spirits follow the use of Paine's celery compound. It is the most remarkable medical achievement of this last half of the nineteenth century.

a pleasant custom that they still follow for protection against the sun and wind.

## To Have New Telephone.

W. K. Boardman, manager of the Cumberland Telephone Company, with headquarters at Owensboro, was in this city Friday and made a pleasant call at the News office. In conversation with a reporter he stated that he was looking over a route for the new line. This city will have perfect connections with Owensboro and all intermediate points in a few weeks. The line is now completed as far as Havesville. The construction is fine, the poles being red cedar 6 inches through at the base. The line will be equipped with metallic circuit. Mr. Boardman thinks that an exchange can be installed here.

## Glorious News.

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which has caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by Short & Haynes, Druggist. Guaranteed.

## RUNAWAY WIFE.

## Stephensport Man Tells His Troubles to the Police.

His Wife Deserts Him Never to Return Again.

Thanksgiving was a bleak day for Charles Strode, a farmer who lives near Stephensport. Hill day long he paced the stone walls in the vicinity of the Louisville jail, in which was confined his young wife, who had been arrested at his instigation. While others hurried home to Thanksgiving dinners, he haunted the dark hallways of the city hall and walked restlessly up and down the outside, longing for just a few moments with the young girl who had broken his heart and who refused to see him.

Strode was deserted by his wife several months ago, and in spite of his entreaties she has steadily declined to return to him. She was an orphan and a mere child when he married her, four years ago. She resided on a farm near Stephensport with her grandfather, and after the wedding the two lived happily together until Mrs. Strode left home. She stated that she was going on a visit to relatives in Indiana, but when no tidings were received from her after several days the fears of her husband were aroused. He was finally informed that she had come to Louisville and followed her to that city.

At Central station he recited his story to the police and the woman was finally found. Strode went to see her with an officer, but she refused to go back with him, and he left for his home, broken-hearted.

Several days ago he returned to Louisville and exhibited to the officers a letter which she had written to him, detailing the gay times which she was enjoying and suggesting that he send up the household goods to her. The police advised Strode not to do this, as they looked upon the letter as a scheme by which the woman was trying to gain possession of the property. Strode in despair went to the house but after a short conversation, during which he made all advances possible on his part, she again refused to go back.

At 12.30 o'clock last Thursday afternoon he had her arrested as a fugitive from justice on an order from W. H. Morgan, police judge of Stephensport, the offense named in the order for her commitment being that Edna Strode has been guilty of a breach of the "chastity of a marriage covenant." She was found by Patrolmen Horn and Gagen at 838 West Grayson street. At the jail she stated to the deputies that she desired to see no visitors.

## From An Old Soldier.

Knox, Ind., Jan. 14, 1897.  
Gents:—I have every confidence in recommending your Syrup of Pepsin. I am 72 years of age and am broken down, the trouble having been brought on by my experience in the war. Your medicine has done me more good than a hundred doctors and I am just about well of stomach troubles.  
Yours truly, Jefferson Wilhelm.

## IS DELINQUENT.

## Ohio County Has Not Yet Sent in Election Returns.

Chairman Pryor, of the State Election Commission, last Friday called a meeting of the commission, to be held at Frankfort to-morrow, for the purpose of canvassing the returns of the recent election and issuing the certificates to the Congressmen elected. The only county from which returns have not yet been received is Ohio, whose County Clerk has been written to by Secretary of State Finley, urging him to report immediately.

## CASTORIA.

The Kind You Have Always Bought  
Bears the Signature of  
J. C. Watson  
Thanksgiving Observed.

Thanksgiving was observed in this city by the closing of all the stores at 11 o'clock in the forenoon. The scarcity of turkeys on the local market compelled many of our citizens to dine off of chicken, ducks, geese and other fowl. Quite a number went out of town to spend the day. Services were held at the Baptist church.

## Did you ever

Examine the stock of Clothing on sale at D. S. Richardson's, at Union Star? If so, you were struck by three things, the excellence of the material, the style of cut and the cheapness of price. It's a fact that you cannot

## The Kidney Complexion.

The pale, sallow, sunken-cheeked, distressed-looking people you so often meet are afflicted with "Kidney Complexion."

Their kidneys are turning to a pampin color. So is their complexion.

They may also have indigestion, or suffer from sleeplessness, rheumatism, neuralgia, brain trouble, nervous exhaustion and sometimes the heart acts badly. The cause is weak, unhealthy kidneys. Usually the sufferer from kidney disease does not find out what the trouble is until it is almost too late, because the first symptoms are so like mild sickness that they do not think they need a medicine or a doctor until they find themselves sick in bed.

Dr. Kilmer's Swamp-Root will build up and strengthen their weak and diseased kidneys, purify their blood, kidney-poisoned blood, clear their complexion and soon they will enjoy better health.

You can get the regular sizes at the drug store, at fifty cents and one dollar, or you may first prove for yourself the wonderful virtues of this great discovery, Swamp-Root, by sending your address to Dr. Kilmer & Co., Binghamton, N. Y. for a sample bottle and a book that tells all about it, both sent you absolutely free by mail. When writing kindly mention that you read this liberal offer in the BRECKENRIDGE NEWS.

## A GAME OF POKER.

Bob McClure Shoots Charley Conklin and he ran With the Money.

News has just reached the city of a shooting which occurred near Leitchfield, in Grayson county. Bob McClure and Charley Conklin, both members of excellent families, left home to go to a moonshine distillery to get some whiskey. After procuring it they both got drunk and proceeded to play a game of poker. McClure was the best player, or at least he held the best hand, and when he called Conklin, the latter saw he was beaten. The stake was a jacket and all his money was in it. To keep from losing it he grabbed all the cash and ran as fast as his drunken legs could carry him. McClure called to him to stop, and when he failed to do so fired at him with a shot gun. The load took effect in Conklin's side. McClure then got the money and ran away, leaving Conklin alone and almost in a dying condition. He was found some time afterward, and his physicians say that he cannot recover, as a number of shot entered his lungs and two or three are in his liver. McClure has not been arrested and it is thought that he has left the country.

## He Fooled the Surgeons

All doctors told Renick Hamilton, of West Jefferson, O., after suffering 18 months from R-etal Flatula, he would die unless a costly operation was performed; but he cured himself with five boxes Bucklen's Arnica Salve, the surest Pile cure on Earth, and the best Salve in the world. 25 cents a box. Sold by Short & Haynes, Druggist.

## STILL IN JAIL.

Emmett Cate Enjoys His Thanksgiving Dinner.

Nothing has been heard of Emmett Cate for sometime, and his Ohio county friends will be surprised to learn that he is still in jail at Jeffersonville, Ind. He was arrested in Louisville for bigamy, and denied his guilt. Later he was taken to Jeffersonville, where he was indicted and his bond fixed at \$2,500. He employed an attorney and promised to get bail, and his lawyer secured a continuance for him on that understanding. He failed to secure bail and employed another attorney.

He is now trying to secure another continuance on the ground that his attorney has not had time to familiarize himself with the case. Cate's wife No. 2 sent him a fine turkey, ready cooked, on Thanksgiving, and appeared to be standing by him as though he had never wronged her. His first wife, at whose instance he was arrested, will have nothing whatever to do with him. It is thought that his conviction for bigamy is certain.

## Coughed 25 Years.

I suffered for 25 years with a cough, and spent hundreds of dollars with doctors and for medicine to no avail until I used Dr. Bell's Pine-Tar-Honey. This remedy makes weak lungs strong. It has saved my life.—J. B. Rosell, Grantsburg, Ill.

## CLOVERPORT HIGH SCHOOL.

Our School has been newly graded, a proper system of discipline established, and the school put upon a permanent basis.

We have the best equipped, most convenient and most commodious school building in this part of the State. The members of our faculties are all experienced and enthusiastic teachers.

Our educational facilities are therefore equal to those of any other town in this part of the State. Parents who contemplate sending their children away to school will consult their own interest as well as that of their children by investigating the merits of our school before sending them elsewhere.

Our music Department in charge of Miss Annie May, and Miss Lulu Owen is a prominent feature of the school. These ladies have had special training in their preparation for their chosen profession as teachers of instrumental music, and all who put themselves under their charge, may expect to make the best progress that is possible under thoroughly competent teachers. Thorough instruction and drill given in all departments, including Primary, Common School, Academic and Teachers' Departments.

Besides the regular classes in Higher Mathematics, Latin, and the sciences; at the beginning of the winter and spring terms, we will organize a Teacher's training class for the benefit of those who may wish to prepare themselves for examination for a County or State Certificate, or for a State Diploma. We know just how to prepare you for examination. Hence, if you wish to raise the grade of your teaching ability, join our class and get the benefit of our long experience in teaching and school discipline.

Schools were hard to get last year, but will be harder to get next year. The time has come when trustees recognize the importance of employing competent teachers. Hence, you must prepare yourself or retire from the profession. But do not go away to some so-called Normal school, that is a mountain in display, but a mole hill in merit. We can give you individual attention. Board, Tuition and Instrumental music at reasonable rates. Vocal music free to all pupils. Send for catalogue.
